## About Me:

---

Creative multiskilled graduate equipped in a range of skills within all stages of production regarding film, having worked on a variety of video formats in my time in University, personal projects and outside experiences. Proficient in screenwriting and storyboarding, setting up equipment for film shoots as well as experienced in the fields of animation and editing. Adaptable to new hardware, software and other systems used within media landscapes, willing to learn in dynamic production settings.

---
